

WHY WOMEN SUFFER FROM NERVOUSNESS

One Result of a Form of Debility
That May Be Remedied by
a Course of the Tonic
Treatment.

Many women suffer from nervousness, accompanied by loss of weight and pallor, showing that there is a loss of nutrition and that the blood is becoming deficient in quantity or quality. This is a condition that may be followed by serious consequences unless corrected. To cure it the failing nutrition must be arrested, the patient's weight and strength built up and the blood restored to its normal condition.

The one remedy that has cured this condition, strengthened the digestion, toned up the nerves and made the blood pure and rich is that described by Mrs. R. P. Taylor, of Oakland, Kans. She says:

"I am glad to recommend Dr. Williams' Pink Pills to weak and nervous women, because they build and tone up the whole system and give lasting benefit. Some years ago I had nervous debility and seemed to be on the verge of a collapse. I was all broken down. My heart beat so fast at times that it would frighten me. I had smothering sensations and felt as though I was going to faint. These spells came on me frequently. My stomach was affected. I did not enjoy my meals but had to force the food down. I often had severe nervous headaches which made me dizzy. I was greatly reduced in weight.

"The doctor pronounced my trouble weakness and nervous debility. He would help me for a while and I would think I was getting better but as soon as I quit taking his medicine I would become as bad as ever. I had been sick for over two years before I decided to try Dr. Williams' Pink Pills. A few boxes proved to me that the pills were helping me and I used them until entirely cured. I occasionally take the pills now as a tonic and always find immediate relief."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

High School Makes Poor Showing in
Three Cornered Debate.

The Topeka high school went down to defeat Thursday night in a three cornered debate with Wichita, and Emporia, the standing of the schools in points being: Wichita, 8; Emporia, 3; and Topeka, 1.

Emporia won over Topeka at the local high school by a score of four to three, and at Wichita where a team from Topeka clashed in a battle of words with the three of the high school of that city the judges gave the home team the decision by a unanimous vote.

The debaters at the high school were: Topeka—Kelsey Gardner, Leigh Garver and Richard A. Whitson. For Emporia—Ruth Woodbury, Edward George and Roscoe Graves. The debate was attended by a fair crowd.

The debaters for the Wichita debate were: For Wichita—Benjamin Barr, William Penn and Alva Schaefer. For Topeka—Arthur Nichols, Frank Hayes and Robert Whitcomb.

The subject of debate was: "Resolved That the United States encourage her merchant marine by a system of ship subsidy; subsidy interpreted to mean congressional legislation granting pecuniary aid including mail pay."

Topeka has won over the young debaters, but in an instance or two the youth of the arguers was a handicap to the team. They lacked the confidence which would be theirs and they had more experience. There were three judges in each case, and the decision of each judge counted a point, but another point was allowed the winning teams.

Postal Savings Banks Are a Great
Success in France.

Washington, March 24.—Since the inauguration of the postal savings bank system in France in 1882, it has had one continued march of progress, according to Consul General Gallin at Marseilles. The total number of banks in operation the first year was 6,024, with 211,580 deposit accounts remaining open at the close of the year. These accounts, including interest amounted to \$9,107,116, the average deposit being \$43.41.

In 1909, the latest year for which statistics are available, the number of banks had increased by nearly 2,000, the deposit accounts numbered 5,542,883 and the deposits, including interest, aggregated \$316,456,866, averaging \$57.08.

In France individual accounts are limited by law to 1,500 francs (\$238.40) and when an account exceeds this amount the surplus is invested by the bank in national bonds.

Expenses for operating the banks during 1909 amounted to \$1,504,678 and the net profits to \$526,786.

HEIR TO BIG ESTATE.

Lawrence, Woman Will Get Share of
Sixteen Million Dollars.

Lawrence, Kan., March 24.—One Lawrence woman, Mrs. George Shearer, is a direct descendant of Robert Morris who financed the American revolution in several critical stages.

Because of her relation to the early philanthropist, she is certain to receive a portion of the \$10,000,000 claim which the heirs are presenting to the government to settle, if settlement is ever made.

Robert Morris was owner of the first United States bank, signer of the Declaration of Independence, and lender of a million and a half to the colonial government just at a critical stage of the revolution. The original loan was never repaid, and has now grown to the proportions of \$16,000,000. Besides Mrs. Shearer there are four other heirs of the philanthropist in Kansas. They are: Dr. Richard Morris, Phillip Morris, Mrs. Martha McGowan of Eldorado and Mrs. E. G. Noble of Kansas City.

CONDUCTOR TILFORD SUES.

Topeka Man Seeks to Recover \$3,000
From Union Life Company.

Kansas City, March 24.—G. M. Telford of Topeka, a Santa Fe conductor, and Mrs. Telford, who invested \$3,000 in the stock of the defunct Union Life Insurance company, brought suit in circuit court this morning against Lyman H. Allen, who was its president, and E. B. Loveland, its secretary, to recover the money Mr. Allen was vice president of the Republic Insurance company, organized after a failure was made of the Union Life Insurance company. Mr. Loveland lives in Independence, Mo. The company now is in the hands of a receiver.

SQUIRRELS STILL LIVE.

May Cancel the Order to Kill Them at
Lawrence.

Lawrence, Kan., March 24.—The movement to kill the squirrels at Lawrence has not yet been started. Mayor Bishop's tentative order of extermination still awaits the report of Dr. S. J. Crumrine, to whom brain tissue of several of the animals was sent. Unless Doctor Crumrine finds traces of rabies the order will be canceled.

Sensible Wash Dresses For Girls of All Ages

The Highland Bloomer Dress is a mother's solution of the dress problem for the little girl. It is the only dress that combines in one the five essentials of service, comfort, economy, healthfulness and becomingness. That is why so many millions of them are in use all over the country.

The child simply slips its feet into the bloomers, thrusts its arms into the sleeves, and with the fastening of a few buttons the dressing is done. One Highland Bloomer Dress, by reason of its combined bloomer and skirt construction, will outwear three ordinary dresses.

This wonderful garment embodies in
one piece a waist, bloomerettes and a
short kilt or overskirt for ages 2 to 6 yrs.

No. 429. The attractive HIGHLAND BLOOMER dress shown on the left in sizes 2 to 8 years, made of best quality percale in light and dark grounds. Has one box plait in front. Yoke, collar, cuffs and belt prettily outlined with solid color piping. Pearl buttons on tabs leading from yoke effectively set off trimming. Full box plaited skirt with deep hem. Price.....\$1.25

No. 450. On right handsome HIGHLAND BLOOMER dress in ages 2 to 8 years, made of beautiful ginghams in both light and dark patterns. Round collarless neck, belt, cuffs and band down center of waist trimmed with solid color material. The waist is prettily trimmed with pocket of solid color material and band down front trimmed with pearl buttons. Price.....\$1.95

The two styles described above are only representatives of the many we are showing in these sensible HIGHLAND BLOOMER DRESSES at various prices, from \$1.25 to \$1.95.

Colored Dresses For Small Children

The prettiest dresses we've ever had to show you for the child of 2 to 6 years of age. There's the little French tucked dresses, the Princess style, the one-piece Kimono sleeve style and the box plaited style, with belts and the full box plaited skirts with panel fronts, in the high neck, Dutch, round and square neck effects; either long or short sleeves in most any color wanted in different shades of plain blues, pinks and tans; as well as pretty plaids in large and small designs; also different colored stripes and small checks, with trimmings that are in each case especially appropriate to the color and style of the dress. Prices 50c to \$2.00.

CHILDREN'S ROMPERS—The ideal garment for play, made of good ginghams and plain color and blue and white, pink and white and tan check chambrays. High and round necks, with and without collars in both short and full length sleeves; attached circular bloomers in skirt effect and closed the entire length of back; also some with detachable bloomers, with two bloomers to a garment. Shown in sizes for children of 2 to 6 years at.....50c and 59c

New Spring Dresses For the Girl of 8 to 14

At \$1.25 to \$1.95 there is excellent selection from pretty ginghams and percales in the newest styles with high necks and long sleeves. Very appropriate models for school wear.

At \$1.95 to \$2.50, dainty low neck, short sleeve dresses in plain blue and tan; also stripes, checks and large plaids, trimmed in the same or contrasting materials; some with embroidery.

At \$3.50 to \$5.00, some very handsome dresses made of French ginghams in strikingly pretty stripes and plaids. High or low neck; trimmed in plain and contrasting colors and pearl buttons.

Saturday -- Children's Spring Footwear Day!

Ours is the most complete line of children's slippers ever shown in Topeka; a broad assertion—but we've got the wherewith to back it up.

That famous "Black Cat" shoe for children is better than ever—more distinctive style, without a hurt to the wear or the fit. A favorite pump for the growing girl is made without the strap—but for those who prefer we have them with both one and two straps in all of the popular leathers and in every fashionable late style.

Prices start at \$1.00 for the little toddlers and run up to \$3.50 for the larger girl and boy.

Give the "Black Cat" a one time try and you'll never put any other on your child's feet.

CITIZENS DRAG THE ROAD.

Business Houses in Hill City Closed
and Everybody Lent a Hand.

Hill City, Kan., March 24.—Wednesday was perhaps the greatest day in the history of this county in the matter of the good roads movement. Practically all the business houses of the city were closed or nearly so. What few merchants did not close up shop left their girl clerks in full charge as

all the able-bodied men with the exception of the old men and the women and children were out working the roads. The three banks of the city were open in order to comply with the state regulations as to being open, but each of them was left in charge of the girl clerks. Even the high school was dismissed for the day in order to give the boys of the school a chance to learn some good lessons in road building. Nearly all the boys were out on the road and aided in the making of highways. The big roads meeting of yesterday is the result of a big road

mass meeting held in the opera house several weeks ago by W. S. Gearhart of Manhattan, the state's road engineer.

The work was in charge of William Burns, president of the Good Roads movement of Graham county, assisted by E. E. Mullaney, cashier of the Farmers and Merchants' bank, and John Ashcroft, deputy sheriff of the county. Mr. Burns, the president of the Good Roads movement, is one of the leading farmers of the county and a man who has given the problem of good roads in the western portion of the state much attention.

DEALERS HELD A MEETING.

Hardware Men of Central Kansas in
Junction City.

Junction City, March 24.—The members of Club No. 22, composed of Central Kansas implement dealers, held a social session Wednesday afternoon in the council rooms. The meeting, which was presided over by J. F. Buhner of Enterprise, president of the club, was for the purpose of promoting harmony among the hardware men, and many dealers from other

towns were invited to be present. In all, 28 dealers, including those of Junction City, were present. Firms from Clay Center, Manhattan, Abilene, Woodbine, Herlington, Solomon, Chapman, Council Grove, Moonlight, Niles and Enterprise were represented. The dealers met at 3 o'clock and for several hours held a social session, during which time many subjects came up for discussion. The object of the club is to get the dealers together in a social way and to do away with the discord and ill feeling that formerly existed. Following the meeting a luncheon was served.
